# Welcome

Welcome to the famous Argos catalogue. We have compiled this catalogue with you in mind, to offer you a great way of shopping for a huge range of quality products, at prices you will find hard to beat.

### How to shop

Shopping is simple-

Write the catalogue number and the quantity of the goods you require on a selection form (there are some included in this catalogue as well as in-store).

7 Take the form to a service point.

Whilst you are paying, your goods will be brought to the collection counter ready for you to collect.

Some of our larger items can also be ordered by telephone and delivered to your door, please see page 3 for details.

### Ways to pay

You can pay for your purchase with cash or any one of the credit or debit cards shown. You can also pay by cheque and, if you have a valid cheque card, we will give you immediate clearance on cheques up to £500 (subject to status, you may need additional proof of identification).

You can also pay by redeeming your Premier Points, see page 4.

Overseas visitors may qualify for tax free shopping, saving at least 14% of the cost of your purchase. Please ask in-store for further details.

### Up to £1000 Instant Credit\*

Please ask in-store for details.
\*Subject to status. Available to most
adults. Argos is a licensed credit broker.

### Argos Personal Account

There's now more than ever to choose from at Argos. With our Personal Account you can afford what you want now and then spread your payments over time.

#### Spread the cost with an Argos Personal Account.

Please ask in-store for details.

APR 32.9%† (subject to variation).

† When payment is made by Direct
Debit. A written quotation is available
on request.

# We can deliver

# Free home delivery service

For your convenience, items which are too large or heavy to stock in our stores, will be delivered directly to your home free of charge, anywhere

in Great Britain (including Northern Ireland). Look for this symbol in the catalogue.

Delivery normally within 14 days, unless otherwise indicated in the description of the items or at time of ordering.

Order by telephone, using our Argos Direct FREE Linkline number 0800 555899.

You can call 24 hours a day, 7 days a week, giving your name, address, telephone number and credit card details, along with the catalogue number and description of the Item you wish to purchase.

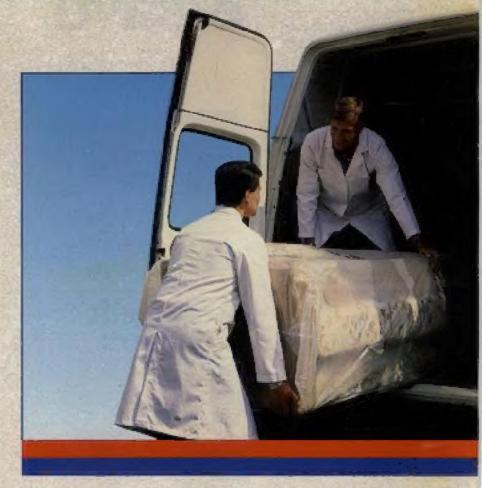

As well as being able to order any Argos Direct item by telephone, you can also order at any Argos store.

All Argos stores have examples of materials used on these products, so now you can ensure that the item you order is exactly what you want.

Please note: The 0800 Linkline number can only be used for placing orders for Items marked with the red lorry symbol.

You will be given an alternative number when you order an item for any other queries.

## Superstore delivery service

Delivery to your door for a small charge, within a 20-mile radius of a Superstore.

In addition, if you live within 20 miles of an Argos Superstore, you can order any items and have them

delivered to your door for a small charge.

You can order by telephone during normal working hours - just quoting your name, address, credit card number and item details and we'll take care of the rest. (See the back page of the catalogue for a list of Argos Superstores and telephone numbers.) Or, you can order in-store at your nearest Superstore.

\*Excluding items delivered FREE by our Argos Direct Service. Free delivery and installation on large TV's and VCR's.

As an extension to our Superstore Delivery Service, we are also offering FREE DELIVERY AND INSTALLATION on all large screen televisions (20 inches and over) and VCR's, from any Argos Superstore.

Installation is to an existing electrical socket and adjacent aerial point. This offer applies within a 20 mile radius of any Superstore.

You can order at your nearest Superstore, or by telephone - as for our Superstore Delivery Service.

For Moster's Dee orders, please order by high March 1992, for Easter orders please order by 3rd April 1992, for all other orders please allow 7 days for delivery from receipt of order. A Other applies to UK mainland only.

# Collect & save

Save £££'s at Argos with Premier Points.

	PROGRAMM POPPER PAR					
	POINT REDEMPTION VALUES:					
Ī	FULL CARD = £5.00					
Ī	2000 POINTS = £4.00					
ī	1500 POINTS = £3.00	Ī				

1,000 POINTS - £2,00 500 POINTS = £1.00

Premier Points Collecting Cards are issued nationwide through the network of Mobil service stations.

Each time you buy petrol or diesel fuels, Points are accumulated on your personal electronic Collecting Card.

Points may be redeemed through any Argos store at any time - there is no need to wait until you have a full card. Simply present your Collecting Card(s) when making a purchase of one or more items from the Argos catalogue\*. You can add to your Points value with any other method of payment accepted at Argos

For full terms and conditions pick up a leaflet at any Argos store or participating Mobil service station.

\*Excludes Flying Flowers, film processing, and any other mail order services.

### Argos gift vouchers

Cat. No. 888/0105 £5 Cat. No. 886/0507 £10 Cat. No. 888/1001 £20 Cat. No. 888/2000 If you want to take care of a Birthday, Anniversary or any other special occasion, an Argos Gift Voucher could be the answer.

Vouchers are also ideal for incentive and promotional programmes (see page 3.58).

Please note that, unfortunately, we cannot exchange Glift Vouchers for

### Extended guarantees

To reinforce the Argos policy of selling high quality products. we also offer 3 and 5 year Extended Guarantees on a range of electrical and household Items from microwaves to televisions and midl systems to vacuum cleaners and cameras.

For a modest single payment you can insure yourself against possible repair costs after the manufacturer's guarantee has expired, and know that expert help is always available.

So when choosing your purchase, why not protect yourself for the ruture by taking out an Argos Extended Guarantee.

We are also offering FREE FIRST YEAR ACCIDENTAL DAMAGE

COVER on a range of electrical Items. Pick up a leaflet in-store for details.

The above guarantees do not affect your statutory rights.

# Committed to quality & safety

We want you, our customer, to have total confidence that every item you purchase from Argos is SAFE. RELIABLE and of the highest OUALITY.

We have therefore developed a large Quality Control team, fully dedicated to fulfilling such requirements, and have many products tested at independent test laboratories. All our goods, especially nursery and toy products, are subject to strict safety regulations and we take every care to ensure that all our products are safe.

The tion mark is a symbol of toy safety and all Argos toys are tested for compliance with exactly the same approved safety standard.

The "CE" mark, which appears on all Argos toys, is part of a campaign by the EEC to improve safety standards across Europe.

All our upholstered furniture conforms to match and digarette ignition tests.

Please Note: Some of the goods which are shown in the catalogue may vary slightly if a supplier has changed or altered their specifications after the catalogue has been printed. If this should happen. we will try to help by offering you alternative goods of a similar specification and value to your original choice.

Under exceptional circumstances, we may have to make adjustments to our prices stated in the catalogue (which include VAT of 175%). Please check the in-store catalogues before ordering.

All items are subject to availability.

The following guarantees do not affect your statutory rights.

### The Argos promise

If you change your mind and decide that a product you have bought does not meet your exact requirements we offer you the opportunity of returning it within 16 days of purchase, for a full refund or exchange.

We simply ask that it is returned in its original and unspoilt condition, with its original wrapping and your receipt. Please note this promise does not apply to earrings for pierced ears, food products, camcorders, pre-recorded music and videos or fresh flowers.

### After sales care

Making sure that you are happy with your purchases, both when you buy them, and when you have taken them home, is very important to us.

If a product develops a fault, simply teturn it within 30 days of purchase and we will offer you an exchange or a full refund.

If a fault develops and the product is returned to a store more than 30 days after purchase but within 12 months, we will provide a free-of-charge repair facility, normally within 16 days.

Any product which develops a fault and has a manufacturer's guarantee beyond 12 months will be repaired free of charge for the duration of that guarantee.

And don't forget that we can arrange to have many electrical appliances serviced in your home.

Argos supports the guidelines for guarantees set by the Retail Consontium

# Caring for your lawn

The choice of lawnmowers is becoming more and more complex, as manufacturers develop and reline existing technology. Below we have outlined two key factors which you should consider before you purchase your equipment from Argos.

#### Power Choice

#### Pegrod

The key benefit of a petrol-powered mower is the freedom it gives you you are not constrained by proximity to power points: A petrol engine generally provides greater power than an electric motor and will be more suitable for large gardens.

#### Electric

Electric mowers are lighter to use, cheaper to buy and offer you speed and convenience. Power output is measured in waits and as with petrol engines, the larger the motor the bigger the power output.

#### Choice of Cut

There are two basic methods by which mowers cut - Rotary and Cylinder. Rotary biade mowers come in two types - wheeled and hover.

#### Rotary Cut

Wheeled rotary blade machines are available in a range of sizes suitable for most gardens. Most collect the grass, and can cut close to the edge of the lawn. Most have rollen to stripe the lawn and some of these mowers are self-powered so that you do not have to push the mower as you walk.

All our Hover mowers are electric, easy, light and flexible to use. They

14 E 499

operate by literally hovering just above the ground as they cut. There are 3 types of hover mower, ones which simply cut the grass, ones which cut the grass and collect it and ones which stripe the lawn as well as both cut and collect the grass.

#### Cylinder Cut

This is the traditional English way of striping your lawn. Variable height blades positioned at the front of the mower allow you to cut right up to the edge of your lawn - giving you a peak finish.

#### **Garden Tools**

Grass trimment cut grass around the areas inaccessible with a lawramower, ie close to walls, around trees etc.
They work by having a length of nylon line splanning at spood, which cuts the grass.

Needge trimmers are purpose built to keep your hedge looking perfect; they work by way of a "scissor" action with the blades moving rapidly buck and forth.

#### **Garden Shredders**

These products muich your garden waste - leaves, grass cuttings, small branches etc. into a smaller size, enabling good compost to be produced much more quickly.

Together with @ ROSSW\* we have identified some key safety tips you should follow in the garden.

- Always follow the manufacturer's leastructions very carefully.
- Always fit a Residual current device (RCD) to the electric socket. This disconnects the electric electric if there is a fault forder 962/1321).
- Never use an electric mower in the wet and do not attempt to lift the mower whilst the blade is rotating.

7

A guide to choosing your power drill

### **Choosing your** power drill

Buying the right tool for the job Bean be the key to successful DIY and home improvements. So to help you choose the correct tools: for your needs we've tried to explain some of the more common technical terms in this catalogue. With a comprehensive range of power tooks and DIY equipment available from our catalogue you can be sure that whatever you need to do, Argos takes care of it.

#### Power Drills and Screenlawer Features

Imput Wattag

The power of the motor in your dell is measured by "input wanage". For tough heavy duty jobs, or frequent and prolonged use, a drill with a high rating is an important point to look

The chuck size refers to the diameter of drill bit shank which can be put. into the drill.

Varying materials and hole sizes require different speeds and power. At Argos we have a range of drills from the basic single speed drill to the most technically advanced.

For straightforward drilling into wood, metal, and plastic, a single speed drill may be sateable.

#### Two Speed

Drillis with two speeds allow greater fierability in drilling through hard or soft materials. A two speed drill will also allow you to select either fast or slow speed measured in RPM (revolutions per minute). The higher the RPM, the faster the rotation of the

#### Variable Speed Drills

If you want more control and precision a variable speed drill may be suitable. It will allow you to tackle a variety of tasks in different substances and sizes with greater accuracy than the two speed datills.

Remember always read the manufacturers' instructions when using variable or two speed drills.

A useful feature which allows the drill to rotate in the opposite direction to normal. This is handy for accorditions or removing a sticking drill bit.

For tough jobs like masonry or concrete drilling. A drill with a hammer action literally "nammers" the drill bit into the wall (thousands of times a minute), as well as rotating it.

Drills with torque control continuously monitor the 'resistance' to the drill big. This means that if you suddenly encounter an impenetrable area, the drill will stop rather than risk damage. to itself. Torque control le particularly useful if you insend using your drill as a occerndelver.

#### Cordless Drills & Screwdrivers

Coedless drills and screwdrivers are growing in popularity - not surprisingly, as they offer many of the benefits of mains drills without the need to work close to a power point. As they are driven by a rechargeable battery, it means that you can work in the garden or up a ladder and not be hampered by a mains lead.

Cordiers dells can be used in the same way as the mains drills described earlier. They can still be used to drill holes into wood, metal or plastic, as well as giving you greater freedom to move around the bouse. Many drills can act as acrewdrivers too, as long as they have variable speed and reverse facility.

#### Cordiess Drills & Screwdriver Features

#### Telekle Change

The batteries are charged slowly while the tool is not in use (ie overnight). They can be left on continuous charge with no harm to the batteries, so the tool is always ready for use.

#### Fast Charge

The batteries can be charged in approximately one to three hours depending on specification (but cannot be left on charge permanently).

Voltage
The higher the voltage of a battery the more power the drill has for tougher

#### Removable Battery

A rochargeable, removable battery allows greater flexibility and continuous use, as a second battery can be charged whiles the drill is in use.

So whatever your needs are for Div. Argos takes care of it.

For any queries about your drill ring the appropriate telephone number during normal office hours.

# A guide to help you keep fit

### Stay in shape at Argos

Our range of equipment, which is one of the best in the High Street, will enable you to exercise when it selts you, and in your own boare, so that you can til your exercise into your own lifestyle. Whether you're tooking for light exercise or for something more "serious", at Argos, we know how to take care of it.

We have equipment to develop strength and stamins for men and women of all ages for beginners and for expects

#### Strength Training

There is a variety of keep fit equipment available at Argos which primarily below to build up your strength.

Weights and Benches are the simplest way to increase your strength. With weights you can use increase a transfer on the type of exercise you mant to do. If you use a bench in conjunction with a set of weights it will allow you to develop your own. training programme.

Multi-gyms are the most comprehensive fitness and body building matchines for developing your matches. They are fully adjustable so that you can progressively increase and decrease the weights and resistance on them. Our toutil gyms will suit everyone, whatever your age, sex or level of shifts.

if you are looking to build up your staming through exercise then have a look at our range of Exercise Sakes and Rowing léachlass

Exercise 5 lines help to build up your serobic capacity and are particularly good at helping to cone up the muscles in your burneks, hips, thighs and

The latest dual action cycles have adjustable pivoting handlebars and these chable you to pedal and row exercising the upper and lower body at the same time.

Rowing Machines are the single best machines for all round energie by strengthening your legs and exercising your upper body

Treadmiles are similar to jugging and walking and are renowned as one of the most intensive work-out machines.

Now we've given you some key tips on keep fir equipment have a look through the catalogue to see our full range and let Argos take care of it.

This item will be delivered to your home. It is not swellarity for collectors from our stores. Delivery self normally be made within 14 skys. You can order this item at our stores or by phone. See page 1 for details or ask at any store.

# a guide to choosing your bed

A larges we after a Comprehensive range of beds which provide a high standard of quality and comfart at affordable prices.

Our range covers most types of beds and martiesses available, from single to double dhams with storage and foldaway visitor's beds. When choosing your bed the combination of mattress and best play an important part.

Made with Individually tempered

Springs and spring units. These units are covered with a unique bonded outland toir fibre insulation pad called Firex" which virtually eliminates spring feel; softer upholistery layers are then added to increase overall comfort. A deep quifted finish maintains a constant high level of comfort to the total sheeping area.

The Ultimate Sicep System. The unique springing system has

continuous support spirals which provide support right to the edge of the bed, maximising the steeping area and eliminating toil-off. Unique head to the spirals prevent partners of unequal weight rolling together. The mattress and base have posture zones.

to provide maximum support where body weight is greatest.

Extra deep mattress with orthogaedic

spring system and made to Silentnight's exacting mandards.

Traditional coll springs form the basis of the maisress.

Natural layers of upholstered materials are matched to a "breathing" natural fibre insulator. The tailored outer cover, made from a durable printed fabric, is placed on top to complete the mattress and base unit.

# A guide to choosing your microwave

oven

# Choosing your Microwave

We sell a range of microwave of overes, with a wide variety of features. So, to help you chanse, we have employed the key teatures.

#### The Benefits of a Microwave Oven

- Microwave overs can be used for most types of cooking, for defrosting, and for reheating pre-prepared food
- The many benefit is the speed with which they can cook, an average size jacket potato will take around 7 minusca. This also makes shem cheaper to cook with and more energy efficient than conventional ovens.
- Egod cooked in a microwave even remains suggictous and tasty simon the microwaves destroy very few of the vitamins contained inside.

#### Quality and Safety

All our interowave over a conform to both British and International Electrotechnical Commission standards of safety. They are neso appraised by our own Quality Control Department

#### How a Microwave Oven Works

Miceowaye enemy vibraces the water molecules on the surface of the feed to a depits of Jerry at a race of approximately 2'A billion times per second. The resulting friction produces a large and rapid build up of beat. The centre of the food it cooked by conductivity", as the heat from the THE RESERVE OF THE PARTY OF THE heat. This to why the centre of the food takes longer to cook and why standing time and primers are so important

## **Features** Guide

Defere you buy your microwave Doven, think about the type and amount of cooking that you will be damo, Our tealures quide will he p you la decide which lunctions would be most useful

For family use, an oven of 0.9 cs ft oc more will allow you to cook larger quantities. A smaller oven would be suttable for 1-2 people

All our ovens are committed by either a manual dial or, for more accurate Louing and programming, by auto touch controls. All have timers, automatically switching off the cooking cycle case cooking is finished

#### Output Power/Wattage

The higher the wattage, the more powerful the microwave oven, so the faster, or greater the quantities it will be able to cook.

#### Tuentables

All of our microwave ovens have rotating turntables to ensure that food is cooked evenly. Some have special boomerang turntables which always return to the original starting position when cooking is finished - which is useful for removing handled pots from the overs

All rumsables are removable for easy

Multi-Stage Cooking Control Some auto touch control models allow you to programme the oven to dook at different power levels for different engths of time, in sequence - enabling you to defrost, cook and seep food water until you are ready to ea... automatically

#### Auto Weight Defrost

Simply key in the weight and type of the frazen food and it will be automatically defrested for you.

#### Programmable Memores Some overal have a memory facility

which enables you to store your most used sequence of defrosting, cooking or reheating

#### Delay Start/Timer

This allows you to delay the start of your cooking while you are out, so that your meal is seady when you

#### Griis

Some microwave ovens have bon proved (its distance and drispen your food, giving it the Same appearance as conventionally

#### Points to Remember

Alsow sufficient granding time after tooking for hear to pass to the centre of the food.

il possible, sur de reacrange food. halfway through cooking to ensure even cooking.

Reheating of food tout be carried out at a semperature higher than JOT for at least 2 minutes. Always follow the mistowave, any leed and manufacturers instructions

#### Accessories

Always rise interowave safe cookware and tableware. products marked by this symbol are pade to use with your ED COOM-3346

Please remember that metal containers and acensils cannot be used to enterowave ovens.

books\_to\_bytes

#### Extended Guarantees

All our microwave ovens have a t or 2 year manufacturer's guarantee, however for added peace of mind you can also take out an Argos Extended 3 or 5 year Guarantee.

For a small initial payment, you can lastire yourself against future repair costs for your macrowave oven. Fick up a leaster or ask in crose for details

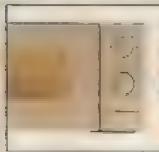

(The above guarantee does not affect your summory rights.)

#### Argos Personal Account

With an Argos Personal Account you can buy your new autroways now and spread the ober to suit your budget. Ask in-soors or see our leader for flatcher details.

# A guide to choosing your TV and audio equipment

## **Televisions**

I you are looking for a portable or large-screen television, Jurgos has a wide range for you to choose from with a variety of features, The key leafures are explained below to help you to make the right choice to suff your needs

This stands for "flatter squares tube" which gives you improved definition, a wider viewing angle and less light reflection.

#### Telefext Pastesti

This gives you up-to-date information on a wide range of subjects such as travel, news, sports and television programming. Telesext also gives mile within the property of the pro--c \_\_-2955...195...

Passess is samply an updated system to give you quicker access to your chosen page of information.

#### SCART Socker

SCART leads can be used to connect. your selectation to your Vist, andre system or asselling receiver dush.

Sleep & Wake-up Timers Particularly useful if you want to watch television in the bedroom, you can programme the timer to switch the unevision see off automatically, after you have falled asleep. A wake-up timer also acro as an alarm clock.

## Video Recorders

The VCR unit is programmed by using the remote control handset. Some models have either an LCD display on the handset, or sa on screen display. to aid programming. You can record one programme even if you are wasching another on a different channel. The VCR can also be programmed to record a number of events over a period of weeks. A twin speed/long play facility allows the VCR to record and then playback at half the usual operating tape speed. This effectively doubles the length of your sape, giving 6 hours of recording on a 4-hour cape, however the quality of the recording may nor be quite as good as it is when recorded at normal speed.

Flayback facilities include fact forward and picture search to beloyou to find the programme you want to watch, and freeze frame for those special mements.

Argos Extended Guarantee

To support our commitment to quality. Argos offers expended 3- and 5-year guarantees on televisions, VCR's and most of our audio range including radio/cassente players, midi systems. personal CD's and car radio/caseertes. For a small initial payment you can insure yourself against future scoair costs for your relevision and audio equipment.

We are also giving FREE firm-year accidental damage cover on most TV and audio equipment.

Pickup a leader or ask to-exce for deunds.

The above guarantees do not affect your statutory rights.

#### Argos Personal Account

Spread the cost of your belevision and audio equipment with an Argon Personal Account. You can buy new and record the payments to suit your budget.

5ee page 2 for details.

For queries about your equipment, ring the following cumbers during office hours:

ALBA 001-592 7151 CICCOPPANIE OF OR ANDIXI

SHARF 941-295 2013

PRIMASURIC 0344 ESSENT TOSHIBA 0274 4941 65 MARKS WELLEY AND PROVING

## Audio Equipment

#### Personal Stereos

Argos offers a wide range of Personal Stereos, both casseine players and radio/manette players for one justile and outside the house.

An anti-roll device on some stereof it tateful to eliminate playback distortion if you want to use the dust whilst on the move.

District filter hands from Engine to give extra depth to the music.

#### Personal CD Players

All of our Personal CD players are supplied with either in the ear or lightweight headphones for your personal listening pleasure, but can also be used with your home audio irotem or active speakers.

Additional features on some models may include a built-in radio, and rechargeable batteries.

A special connecting pack also allows. some models to be used with your in-car radiorcussette.

Please note that Personal (I) players are not suitable for active elemetoms

#### Midi, Mini and Migro Systems

Midl systems knowporate speakers, a tuner, amplifier, caractic deck and record player all in one. Some also have a CD unit and a remote control. Mint and micro systems give the same high-quality sound as midi-systems but are smaller and more compact.

#### In-Car Entertainment

We sell a range of car stereos from simple ratio cassettes to CD players. Many of the functions on in-chr stereos are similar to those on other fearment include:

Tadey - on 4-speaker material disallows you to adjust the balance of sound between the from and back. anen keen

Auto sort twoing - this to ideal for changing studens whilst driving. The radio automatically seeks out the strongest radio eigent for you, so that you can concentrate on your delving. Radus Dista Systems (RDS) - this is designed to make road travel rafer and more convenient it displays the station name and maintains your chosen station even when travelling through different reception areas Where truffic information is broadcast, this will automatically intercuot your listening with travel bulletins. Extractable onits that slooply be slotted into place when in not had then easily removed when you leave point car.

#### Fitting Service

When you have chosen your car. audio system.

let Argos and Lucas take care of installing it for you. Operated by Locas, our fluing pervice covers radio/cassettes. CD's and speakers. Please ask in store for full details.

## Audio **Features** Guide

The advances to authorize hology mean that many sophisticated feetures are available on both personal and portable equipment, as well as our mode and mini systems.

Digital Radio Tupera

Phase Lock Loop (PLL) digital radio times; seek out radio stations by searching the whole radio waveland automatically for the next strongest. signal. They also allow you to move up and down the wavelends to seek a station manually.

#### Fre Set Buildens

Some runers enable you to pre-select your favourite parties, and record them is a memory. You can then peculithem at a touch of a button.

Dolley B' & "C"

Dolby is a noise-reduction facility that reduces the bise when tapes are played, especially on "quiet" music. Dolby "C" is the enhanced version of Dolby "B", giving even dearer sound. reproduction.

#### Continuous Play

Available with twin tage decks, this allows you extended playing time. The second rape automatically takes over when tape one has finished,

#### Auto Kevesse

When one side of the tape has finished, the causeur player antomatically plays the other side, giving continuous play with just one tage.

#### Hugh Sprind Dalbhangt

Available only with twin tupe decks, this facility allows faster tape copying usually at twice normal speed.

#### wraphic Equal sers

A graphic equalizer allows you to "shape" necurately the tone of the music being played by increasing or fading particular sounds.

The graphic equalities has a number of bands. The greates the number of bands, the more profise the equalizer Some systems also have a spectrum. attalyses which provides a visual display of the noted level in the form of "deading lights" coabling you to make fine adjustments to sound and sone levels.

Compact Piece

Compact discs, or ED's, provide the most accurate sound reproduction

On CD midi systems, a seasch button. allows you to select which tracks you want to hear A memory facility allows you to programme a sequence of tracks in any order. Multiplay (D) players allow you to select tracks from UP to 5 CD's at once.

#### Turntables

Most midd systems have record tramtables and belt-driven decks which ensure a constant rotational speed. Fully automatic decks place the atylus on the record for you, and return it after the record ends. Semiautomatic decisi only return the stylus, you have so place it on the record yourself.

Speakers are an essential part of your steres equipment - the better the speakers, the better the sound. Within each speaker is a series of either 2 or 3 copes (lonown as "2-way" and "3-way" speakers respectively). 3-way speakers usually give a better quality of sound.

As the specialisms for use with personal CO's and section have their own power source to amplify the sound further.

#### Maste Outpot

The higher the number of water the greater the capacity of the amounter and the louder the pound will be.  $3 \times 20$  wall music power means that there are 2 speakers with a marcinum music output of 20 watt per speaker. Maguinousiers generally express the potential maximum volume of an audio product in one of three terms. ha i wemiparlaon.

1 w RMS = 2 w MPO = 4 w PMPO.

## Extended guarantees

When you're choosing your purchase, why not project yourself for the future and take out an

Argos Extended Guarantee? This gives you the extra reassurance of knowing you have safeguarded yourself against possible repair costs after the manufacturer's guarantee expires, and that expert help is always available.

We are also offering free first year accidental damage cover on a range of electrical items

See page 4 for further details, or pick up a leaflet in-store

The above guarantees do not affect your statutory rights

EXTENDED

**GUARANTEES** 

# The Argos promise

17/12/11/23 17/12/11/23 13/17/1

if you change your mind and decide that a

product you have bought does not meet your exact requirements we offer you the opportunity of returning it within 16 days of purchase, for a full refund or exchange. We simply ask that it is returned in its original and unspoilt condition, with its original wrapping and your receipt.

Please note, this promise does not apply to earrings for pierced ears, food products, camcorders, pre-recorded music and videos or fresh flowers.

The above guarantee does not affect your statistory rights

A guide to business equipment

I you're building up your business. whether it be from an office or your home, you'll be looking for the latest types of office equipment. At Argos we now sell a wide range of business egu pment from electronic organisers to the latest models of word processors and at al affordable prices

Making the right decision over how to equip your office, however, can be difficult with a lot of sechmical information and features to understand. To help you with your choice we have explained within this guide some of the technical tenns used in the catalogue

# Electronic organisers/ digital diaries

Whilst providing a similar function to The same of the sa miniature data management systems. They can hold information such as telephone numbers, addresses and daily schedules. The amount of information they can bold is dependent on the size of the memory, which can range from 8X to 256K. Some models also provide the facility for a much wider range of applications such as spread-sheering, word processing, and language translations This facility can be vis a range of siot le daux cards which can also increase the memory size of your organiser. At Argon we offer a range of accessories and software for you to choose from through our Mail Order service - see below for more details.

## **Typewriters**

typewriters from the most basic manual to a very compositional ve range of electronic typewriters. Below we have pulled out some key features on typewriters which will help to explain their functions to belp you with your

#### Features Guide

Correction Memory couldes you to correct up to three lines of current sext so if an error is made you can simply relocate and desert it.

Text Memory is a famility which allows you to store information/text of varying amounts. This can stage from 3 pages of text with a 6% memory to 12 pages of cos with a 24% memory CAPACITY.

LCD Display (Liquid Crystal Display) allows you to review and edit text easily on acreen before printing.

ustification allows you to produce documents with the right hand margin blocked so that sentences are equally propostioned regardless of number of words hence giving a professional

Sprischeck facility alerts you to spelling mistakes and enables you to produce documents free from errors

Print Speed This is communic to DE (Characters Per Second)

I) pung Firely. The puch designation represents the number of characters. that can be typed per inch.

Decimal Tabulation automatically positions the carriage for alignment of numbers at the decimal point.

Word Processor features - some typewiners have the ability to perform basic word processor functions, such au block move/cogwidelept.

## Word Processors

Word Processors offer all the benefits of an advanced typewriter but with the equipment available to the second additional features of larger displays and a bigger memory capacity. The memory can also be expanded by the use of an external 3% floory disk or data storage card.

#### Features Guide

Black Copy More Delete provides you with the ability to move copy or delete a block of sext allowing you to edit pimply and quickly.

Search and Replace enables editing of a specific word or planae throughout a proce of text in one single operation

Address Mail Merge allows you to merge a list of names and addresses with a lepter enabling you to provide personalised correspondence eartly.

Ne have a mide or election

Remember, Argon Supermores carry a wider range than our Traditional Stores and many being are on display See the back of the catalogue for a list of our Supermores.

So whether you're looking to equip your office of your home, let Argos take care of h.

To cater for all your needs, we also offer a mail order pervice for spare parts and accessories on calculators and typewitters. Simply call 661 927 7298 (24 hours) for credit card orders or alternatively pick up an order form from your Argon store. Your goods will be despended force of charge

### Telephones

Argos offers a wide range of Riclephones with a variety of different functions. To help you to choose the right tolephone for you. we have explained the features

#### Cordless Phones

Cordiess phones allow you to receive or make calls in a variety of places. around the home and even in the garden. You can also page the handset for useof from the base unit. The base up t must be connected to a mains supply as well as an approved: terephone socket. Batteries in the handset then recharge when the handset is replaced in the base until A. battery back-up enables the te-enhance to be used during a power

The masility of reception on your cordiesa chone is unlikely to be as clear as with a conventional unit, especially over long distances and between obstructions such as wade of

Cordiese phones are susceptible to interference from other cordiess. phones and radio trunsmissions. particularly when used from a distance Cordiers phones operate on 8 different channels - the channel number is marked on the box. If you expensence interference, you will need to exchange the complete resentance unit for one with a different channel number. Dual channel selephones have 2 channel options to you can mentch the handner and base unit to the afternative character.

To get the best result, always follow all of the manufacturer's instructions

#### Telephone Features

Many telephones allow you to piece your frequently used or important numbers, and recall them at the touch of a batton, or two.

#### Maje (Seprél) by Jon

This allows you to speak to other people in the room without being overheard by your telephone caller.

#### On Hook Dusl'ing Hands Free Speech "On Hook Disiling" enables you to dist

without lafting the receiver. A speaker allows you to heat when the phone at answered, then you simply pick up the bandset to speak

"Handa Free Speech" to useful if you do not want, or use unable, to lift the sesephone receiver - simply press a button and you can speak and listen with the receiver still in place.

#### kine i gutralent Sweiber (REA)

The mamber of telephones you can connect to a line is determined by the REN of each telephone. The maximum total REN for a telephone line it 4

PABK compatible telephones can be used with most PBX exchange of switchboard systems. Please see the manufacturer's instructions, or use the beloknes for Juribet details.

#### Married S.

You can how use the Mercury network frem your bome via a British Telecom line For a small

annual fee you will receive your own PLN code giving you access to, on average, cheaper long distance and international calls . A "Mercury" burson will allow one-touch distiller. are the Mescury symem. Other "Mercury compatible" relephones enable programming of the sequence unto a mormal memory

Please phone the Mercury Helpilne, 0800 424 194 for further details.

#### DT Network Senties

British Telecom digital cuchanges will soon cover meet of the country. giving clearer lines and

faster dialling. If you have a dual signating (Pulse/Tone) or Touch Tone telephone, you will also be able to use the new BT "Network Services" including call diversion 3-way calling. and reminder calls. These additional services are available from BT for a quarterly rental charge Contact your local ST office for further information.

Correct at these of going to press \*Touch Tone is a BT registered Trade

All Argos relephones and answering machines need a plug in socket. If you don't have this type of socket contact British Felecom and enquire about conventors.

## Answering machines

An answering machine will Arecord year messages for you Many also include a telephone handset to make sormal outgoing colls. Both have a wide range of features to choose from.

To install your machine you need a 13 amp mains socket near to a plug-in telephone socket. You may also used a triephone socket doublet to connect the answering machine alongside your

relephone A combined relephone and answering machine will samply replace your existing triephone

Call Monitor/Screening Interreption. This allows you to heren whater the answering machine takes your call and absence whether to answer

#### Menio Facility

You can leave a measure on your answering machine for someone else to access on their return.

#### Answer Only Opplon

The norwer machine can play your message without asking the caller to leave a response. This is useful if you are away for several days.

#### Two Way Comerciation Recording

This allows you to record a telephone conversation, and can be useful when listening to directions or instructions.

#### Branch Phone Reset

If your answering enachine is switched on, it will stop and reset automatically when you inscreept an incoming call on another extension relephone

#### Kemote Message Retrieval

You can even theck the messages on your answering machine while you are out. Using a Topo/Touch Tone! relephone (which produces a variety of tones as you dish or a remote control

device, you can activate your answering machine to play back any recorded messages Some machines can also execuse other remose. functions such as changing the outgoing message

#### Olgical Long Prempt

A digital voice will guide you through the various operations, and gave you information such as the number of anessages received.

#### Catl Count

A call count facility displays how many messages have been recorded for you, usually on an LCD panel or by a flashing seco i ght.

#### Day Tome Stamp

This records the exact time and day of all incoming messages.

For any quarter, ring the appropriate largelane member during office frount.

# A guide to choosing your camera

We have a wide selection of cameras, with a range of teatures to help you to get the best from your photography.

Polaroid Catheras use special "Instant" film so you can see your photos within minutes of taking a (10) are lightereight, with a film which samply slots into the back. They have a relephoto lone, and built in floor lost colors.

55mm Compacts range from a basic level, similar to 110°s, to applicate made with many additional features. They have a higher quality lens and use a 55mm film which gives better results.

#### Features Guide

ost comeras are fitted with additional features to give greater featbuilty when taking photographs.

#### Flash

A Built-is flash works directly off the camera batteries, and is assaily effective for up to 18 feet.

An Auto-Sensor flash works automatically when there is insufficient light. On some tophisticated cameras, it sensor flash can be turned off for atmospheric shots, or used at a "fill-la" flash on shots of used of the last on shots.

Red-eye Reduction flash is useful when photographing people in low light conditions. A pre-flash constructs the subject's pupils to avoid "red. cyest".

#### Makor Orives

Motorized Load will automatically advance the film to the first frame ready for use.

After each abox, Motorized Advance automatically whole the film on to the rest frame.

At the end of the film, historized Rewind will completely rewind the film peaks to take out

#### Auto focus focus Lock

Basic camerus have fixed focus, which does not vary depending on how far away the subject is Cameras with suto focus automatically focus on the subject as the centre of the viewfinder. "Focus lock" allows you to focus on your subject, and then recompose the shot, still bolding your subject in focus.

#### Auto 2 speakers

The phoner speed is automatically adjusted to give the right exposure for the existing light conductors. On more sophisticated cameras a backlight compensation allows for bright backgrounds.

#### Self Timer

This allows you to set the camera to take a photograph approximately soven accords later, so that you can be in the shot as well! A dual self timer takes two pictures in succession, whilst a special multi-frame self timer allows you to take up to four increased as a self-state and the self-state self-state and the self-state self-state up to four

#### Zoom Leas

A zoon leas allows you to bring the subject closes and frame the shot as required without having to move. The bigger the zoon [measured in stillametres) the searer the image, and so the larger it will appear

#### Macro Facility

This allows you to take close-up shots, nearer than the usual minimum focal distance of the camera

#### While Augh

A wide angle lens allows you to fit more into a particular shot, such as landscapes of large group photographs.

#### LCO Panels

On sophisticated camerus, these show the current function status, for example, the selected flash and focus mode, battery level, and how many pictures have been taken.

#### EX Coding

The camera will automatically adjust depending on the speed of film you

## A guide to child safety

All Argos me sare as miren at 301. Aliyeur of ida safet, as you du Corp. Congrette as an and a congret I sas with a harasa's s a tole is the book on the book Street Wallace of Manager of the y tas in this go to to help you some 2" 1 16 121 0 2 1 5 . . . A to year

Please remember there is no substitute

for common sense when it comes to

When buying coys, please refer to the

manufacturer's leafter grapy to use and

a ways make sure that the toy is right

for the child's age and ability - check

the age recommendation before you

children's toys are kept out of reach of

buy. Do make pure that older

young children and babies.

looking after your child's welfare.

Outdoor Safety

We have a wide range of outdoor toys which can give bours of fun. We do recommend that you always supervise Your Children while they play

Indoor Safety

Every room can have lest potential bazarda. To help you to overcome these we have spoken with The Rayal Society for the Prevention of Accidents, who have given us some safety tipa.

- A in the kuchen, make sure you keep knaves and sharp objects out of reach of childeen Cleaning materials and medicines should be kept in a locked cupboard to U always best to use a high chair for young chaldren as meal conce, and tooke sure they are securely हारा क्षेत्रकृतिकार
- A Afways heep the stairs and landing clear of toys which people could trip on and always fig a safety gate at the top and bottom of the states if you have young children
- A Nursery lights and baby listeners: provide reassurance for you and your chald.
- A for the bathroom, NEVER leave a young child alone. Use a sieprealistant may in the built and shower to prevent fails.
- Lise a fineguard securely fixed to the wall wherever you have a gas, electric or open fire.
- We sell a range of the above produces. so check the catalogue for more decalls

war go and pludes are best stated to lawns and should be regularly checked to see they are secure.

This behaves are the cassest way of moving your chaldren. At all times your child should wear a securely fined safety harness. We have a range of pushchairs waible this catalogue all of which conform with Pricish Standards

In Car Sale is also an aspect we take care of at Argos, by selling a range of car seats to suit a variety of ages. You should never let your children travel unrestratoed in the car. especially on the lap of a passenger.

Make sure car teats, harnesses and safety beits are filled securely.

We have briefly tried to provide you walk a mage of safety taps for you to follow with your child Now samply look through the catalogue and see how we can help you to protect your

on all large-screen televisions (20 inch and over) and VCRs - see page 3 for details

# NICAM

Nicam (Near Instantaneous Compounded Audio Multiplei) sound is a revolutionary. high quality stered digital audio signal which is transmitted simultaneously with belevision pictures giving a similar sound quarry to compact disc. Your television or wideo must incorporate a MCAM "board" which will pick up the signal through your existing TV signal.

By the middle of this year, Graigkelly, Healthfeld, Stockland Hill, Sudbury, Tacoheston and Waltham Bansmitters and relay stations will be available on NiCAM with the remaining transmitters and their relay stations being added dunno 1993. The TV sets featured on page 533 and item nos 4 and 5 on page 534 will receive the N/CAM signal and offer you the benefits of greatly enhanced sound quality to your listening and viewing pleasure.

# A guide to business equipment

A rgos - The Complete Business
In Centre. As well as our range of
typewriters and word processors
available through our normal Argos
stores, we have a more extensive
range of equipment sold
exclusively through our
Superstores.

From computers to fax machines, we have everything you need to equip your office. As these can be quite technical products, we have provided some more information to help you with your choice.

## Computers

Computers are an excellent source of education has well as entertainment. Increasingly, schools are introducing computer studied to children at an early age.

Sasse Home Computers comprise of a keyboard with an integral failstoprocessor and dask drive. These computers send to be used as games than dressed.

Personal Comprising a central processing and with integral dask drive keyboard and monitor The speed in which a Personal Computer processes information is determined by its level of megalacta (MHz). The higher the MHz, the famer the computer processing.

#### Hiernary

The size of a computer's memory is judged by the quantity of information it can hold. This is normally measured in megabytes (1 bib= 1 million bytes)

The Random Actem Memory (RAM):
10 the working memory of the

computer which is utilized when is as in operation. Information which is held in the RAM is lost when the computer is awatched off therefore this needs to be stored on hard or floppy disks depending on machine.

A Hard Disk Drive has a high capacity to store information. This is usually located within the body of the

Hoppy basis enable you to store information externally from the computer on small 5% inch or 5% inch disks, the use of which is dependent on the size of the disk drive. The amount of information that can be stored depends on the size and density of the disketter.

At Argos we sell a range of Soppy disks which are suitable for use with all our computers and word processors - see pages 301 and 839 for more details

## Fax machines

if you run a small business, a fax machine is an ideal way to keep in touch. By sumply plugging the fax stachine into a new sayle phone socket and the matrix, you can be connected to thousands of businesses, throughout the country.

Fax machines are now very compact, so can fix easily into your bone or office. They are also very cheap to run costing the same race as a telephone call.

Some machines contain an internal fax switch which will detect and then divert the call to either the fax or a telephone. If you wish to me your fax to conjunction with extension phones or an answering machine, you will require a more highly featured stand alone fax switch.

#### Features Guide

hade these Reproduction produces shades of grey and not just black and white, giving greases clarity for photographs or brochares.

Superfine Mode allows for a become reproduction with the facility for fine print and detailed drawings.

Auto Document Feed less you set up to 5 pages for automatic transmission or copylog-in sequence.

Activity Report provides a summary of information transmisted and income.

We gelt das paper through our had! Order service, see be ow for more details.

We now have available through our Superstores a small selection of the latest models of fax mach nes which can help to solve all your communication problems quickly and easily. So if you want to may to tench, let Argost take sare of it.

## **Printers**

The most common printer used now with word processors and computers to the Dor Maurix. Recently lak jet printers have become more popular. We have outlined the key differences to help you make the right choice.

## The Dot Marrix Printes These printers are widely

These printers are widely used. They work very simply by creating an image on the

paper taking a row of 9 or, in the more expensive models, 24 pins. The plas strike rapidly on to a rabbon and through to the paper. A 24-pin printer is able to create a much smoother outline for letters and graphics since is use; more doubt per lach.

#### luk.Bubble jet Printers

This works is a similar way to the Dot Mantix Princer, however the main difference by the use of an inic jet. An anic jet is activated by a pump or, in the case of a Bubbe jet Princer, by heat creating steam pressure in the lake tabe. This forces the link on to the paper creating the image with Scar Leven Quality (SLQ) print. One of the key benefits of these printers as the fact that they are very gutet when they print.

#### Features Guide

#### · Dri (Dots Per Inch)

This refers to the density of the print, the higher the DFI, the higher the density of the print.

#### Variable frint Speed

Most printers come with variable print speeds, the faster the speed however, the less definition is given to the print. This is measured in CFS (Characters Per Second).

#### \* Typesity of Type Lagra

This is particularly uneful if you like to charge the presentation of your work. These can vary from Italic and condensed typestyles to Roman and Saus Serif typesage.

#### + Priction Feed Facility

Enables you to handle single pages through the printer whereas the pull feed tractor facility handles a continuous supply of paper.

#### Builer Memory

Enables you to store information being transmitted from the PC ready for printing.

Printer leads and accessories are available through out Mail Order service

To cates for all your needs, we also offer a mail order service for parce parts and activatories on a range of office equipment. Simply call 061 927 7298 (24 hours) for credit card orders or alternatively pick up an order form from your Argos store. Your goods will be despatched free of charge.

# A guide to choosing your camcorder

of you want more than just a application, a carmourder allows you to capture the complete action in sound and vision. Cameurders give high quality home video recordings and have a wide range of features to give you greater flexibility and improved photography. To help you to make the right choice, our guide below helps to explain the technical terms and features.

#### | aped

There are 2 camcooder formats maing different types of tape. Som tape is a small causette which gives up to 90 minutes recording, or 3 house with long play facility Tapes are played back by plugging the camcorder directly into your TV or video recorder using the leads supplied. Recordings can be edited on to VHS tape via a video recorder. VHS-C is a compact sape which can be played in your VHS video recorder. using the special adaptor supplied with all of our VILS-C camorders. Tapes can also be played back by connecting the carecorder directly intoa TV or video recorder 21 pin SCART

If you do not have a video recorder or 21-pin socket TV, you will need to buy an RF lead and adaptor available from Argos Mail Order Services (see page 312).

VelS-C tapes give up to 45 minutes of recording, which can be extended to 90 minutes with a long play facility.

#### Features Guide

#### Power Zoos

A power zoom gives a smooth zoom-in action for close-up shots. The greater the zoom, the greater the magnification.

#### Pull Range Auto Focus

This ensures that the subject stays in focus, so matter how dose - in away you are.

#### hatelligent Auto Iria

This agte focus facility works through the leas to give descer shots and a better colour balance.

#### 1000

A macro facility allows clear and focused close-up recordings.

#### Shapper Spared

A variable shutter speed allows slower speeds to low light conditions, whilst a high-speed shutter gives clear shots of high-speed action.

#### Lux illumination

The lower the lex minimum Elumination, the lower the light condenous in which the camcorder can still effectively record.

Fades A fades allows you to fade emoothly in

#### Fiving Erase Head

and out of different about.

When recording over an old recording this gives a cleaner transition from old to new recordings.

#### Title Memory

You can superimpose titles or dates on to your recordings.

#### ybe jarent

By entering your child's birth date, you can have an on-screen display of his/her age on future recordings.

#### Edit, Camera Search,

You can view previous recordings through the camcorder for editing or to find the correct position to resume recording.

#### Insert Edit

This allows you to insert a new recording between existing scenes.

#### Remote Control

Some camorders have a remote control for use when playing your recordings through your TV or VCR. This allows you to play, pause. fast forward and rewind the tape in the camorder.

#### Extended Guarantees

Argos 3 and 5 year Extended Guarantees are available on all our cammorders. See page 4 or pick up a leaflet in-store for details.

#### Telephone Helplines

For any quester about your carecorder please ring the appropriate belpluse during office bours.
